900SS

Streamlined, the Firebox 900SS is a rectangular-shaped firebox featuring a built-in stainless steel bench.

Its clever design facilitates multiple installation options including front or back fitting, with or without an exposed flange, in a variety of sizes, within cabinetry or in an existing closed-off fireplace. The flue less EcoSmart Burner is easily inserted into the firebox once it's securely positioned.

The zero clearance Firebox 900SS takes the hard work out of installation!
